Animal Aid Videos/DVDs

NEW Animal Aid Education DVD Compilation

Features *Eat This!*, *Their Future in Your Hands* and *Wasted Lives*. See below for details of these films. We will send you this compilation DVD when you order any of the education films from Animal Aid unless you specify that you prefer the single version of the film.

[Available only on DVD](#)

Eat This!

Suitable for KS4

Duration: 20 minutes.

This thought-provoking video is ideal for stimulating discussion and debate about the way we rear animals for food in Britain today. The film follows four teenagers with very different views, as they ask hard-hitting questions about meat. Where does it come from? What is eating it doing to us, the animals and the environment?

Covers KS4 National Curriculum targets in Citizenship and English, and is also suitable for use in PSHE, Religious Studies, General Studies and Media Studies. **Free accompanying Student Activities booklet available.**

[Available on DVD* and VHS](#)

DVD version

Their Future in Your Hands

Suitable for KS3/4

Duration: 13 minutes.

Short introduction to the issue of animal rights. Rather than just a simple catalogue of the inhumanity of vivisection laboratories and factory farms, it is a film of hope, showing how we can all help to create a less violent world.

[Available on DVD* and VHS](#)

DVD version

Wasted Lives

Suitable for KS4 and Sixth Form

Duration: 20 minutes.

This film puts the moral and scientific arguments against animal experiments. It covers KS4 National Curriculum targets in Citizenship, English and Science, and is ideal for Religious Studies, Media Studies and Sixth Form General Studies.

Free accompanying Student Activities booklet available.

[Available on DVD* and VHS](#)

DVD version

*We will send you the Animal Aid Education Compilation DVD (see top of page) when you order any of these education DVDs from Animal Aid, unless you specify that you prefer the single version of the film.
