# ***Animal Experiments are a Danger to Human Health***

© RIA

***Animal experiments harm and even kill people because they give the wrong answers. Many reliable non-animal methods of medical research already exist - but animal experiments are still conducted out of habit. Join the growing campaign for 21st century research by demanding action now!***

For more information on animal experiments contact:

**Animal Aid, The Old Chapel, Bradford Street, Tonbridge, Kent TN9 1AW.**
